YOUNG MEN

WHO MAY BE SUFFERING FROM

the effects of youthful follies or in-

discretion, will do well to avail them-

selves of this, the greatest boon ever laid

at the altar of suffering humanity. Dr.

SPINNEY will guarantee to forfeit \$500

for every case of Seminal weakness or

private disease of any kind or character

which he undertakes and fails to cure.

MIDDLE-AGED MEN

There are many at the age of thirty and

sixty who are troubled with too frequent

evacuations of the bladder, often accom-

panied by a slight smarting or burning

in a manner the patient cannot account

for. On examining the urinary deposits a

ropy sediment will often be found, and

some small particles of albumen will ap-

pear, or the color will be of a thin milky

hue, again changing to a dark and torpid

appearance. There are many men who

die of this difficulty, ignorant of the cause,

which is the second stage of seminal

weakness. Dr. S. will guarantee a perfect

TUESDAY, OCTOBER 16, 1883

MORMON CONSPIRACY.

Governor Murray of Utah, has just sent a report to the Secretary of the Interior. He says there has long existed in Utah a combination to nullify the laws of Congress. This conspiracy led to open rebellion at one time, and continues to evade and defeat the plain will of Congress, and he urges that the Act of Congress of '62, dealing with its affairs, meet not only spiritual but temporal assistance. He calls attention also, to the violation of the Act of '62, which declares it unlawful for any corporation or association for religious or charitable purposes to acquire or hold real estate of greater value than \$50,000, within any city in any Territory. The Mormon Church, according to the latest census, possessed property within one county to the amount of \$2,500,000. He says it is impossible to estimate the amount of property held by the church in other counties. He says he also finds that, notwithstanding the law of '62 forbidding bigamy, it continues to be openly taught and practiced. He recommends that the United States military be made available, and that it be made lawful for United States soldiers to be used for the execution of processes out of the Courts of the United States, in the hands of the United States Marshal, and that their services under proper restrictions, in case of riot, insurrection, domestic violence, and for the preservation of the peace, be made more readily effective than under the present law. He says independent of every Act of Congress relating to the Territory of Utah, the ecclesiastical government exists there to-day, has existed 30 years, and is intended to provide temporal laws. As a remedy for this condition of affairs, he asks that if the Legislature elected under the Edmunds law, fail to repeal all laws passed by the former Legislature, by which the laws of Congress have been nullified, and fail to pass laws forbidding polygamy, and fail to recognize the sovereign authority of the United States, then Congress shall repeal that section of the organic Act establishing such a body, and assume control in the government of the Territory.

FACTS COMING OUT.

Every new fact brightens Garfield's fame. Ex-Governor Chamberlain publishes some correspondence between the late President and himself, which shows that Garfield regarded Mahone, the apostle of repudiation, as one utterly unworthy of the confidence of a Republican administration. It was thought by many at the time, that Garfield intended to stand in with Mahone and use him to break up the "Solid South." The fact is that Garfield's opponents were coaching Mahone. George C. Gorham discovered him and Roscoe Conkling sent him congratulations by telegraph on the State election. One consequence of Garfield's death, therefore, was that Mahone was taken up and made a pet of, and had the patronage of the Government prostituted in aid of his racialities, while the same administration was urging on civil service reform in the North. A good-Lord-good-devil policy, surely.

It was shown long ago that the specimens which Gov. Butler exhibited never had any other origin than the freakish desire of a medical student to see what kind of leather the human skin would make. There was no evidence that the skin used had been taken from a Tewksbury pauper. He also paraded before the investigating committee a shoe which he said was of human skin. The firm of tanners from whom the Governor obtained all his "specimens" now come forward, and say that he is willfully misrepresenting the facts about them, and that "there is no more human skin about the Tewksbury shoe than there is about a buffalo robe," it being made of dog-skin.

EASTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

An Interesting Report.

WASHINGTON, October 15.

The report of Railroad Commissioner Armstrong was transmitted to the Secretary of the Interior to-day. Particular attention is called to the decision of Controller Lawrence in relation to withholding payment for transportation by goods which have not been subsidized with bonds. He reports that the railroads coming within the jurisdiction of the bureau are well maintained, and while traffic is steadily increasing, rates charged are gradually decreasing. The total indebtedness of the several subsidized Pacific roads to the United States June 30, 1883, is as follows: Union Pacific, including Kansas Pacific, \$64,626,685; Central Pacific, including Western Pacific, \$52,976,448; Sioux City Pacific, \$3,092,617; Central Branch Union Pacific, \$3,149,808; total, \$123,845,558. Total credit on account of transportation services performed and money paid treasury, as follows: Union Pacific, \$13,535,040; Central Pacific, \$7,653,513; Sioux City and Pacific, \$21,355; Central Branch Union Pacific, \$159,084; total, \$22,409,292. Balance in favor of United States but not due until maturity of principal in year 1895, \$991,237,312. The report shows the Central Pacific has in the treasury to the credit of the sinking fund, \$2,404,015, and the Union Pacific, \$1,632,687. The report regards the sinking fund as a failure, on account of the lack of suitable investments. The Commissioner recommended the appointment of a commissioner to investigate and report to Congress on all questions relating to the establishment of transportation rates over or upon railroads in the United States so far as they relate to interstate commerce.

Butler Accepts.

Boston, October 16.

Governor Butler has written a letter accepting the nomination for Governor of the National Greenback Labor party of Massachusetts. His action, he says, affords him much pleasure as a mark of appreciation of his labors in behalf of the greenback and laboring men. The greenback, he says, has become absolutely the currency of the United States. In the several different forms in which the Government issues its money, every silver and gold certificate and every postal note, is essentially a greenback, that is, paper currency based on the guarantee of the nation's good faith and truth. Gold and silver is, he thinks, uselessly piled up in the vaults of the Treasury, but if that was taken away, still the note of the United States would be just as good. Upon that question, the Greenbackers have won their fight after a long struggle, commencing in obliquity and ending in victory. The party still has a higher and nobler mission before it: That of establishing relations between labor and capital, which shall be just as profitable to both, of restraining lawful monopolies, such as the transportation of freight and passengers. Organizations under the forms of law which give undue advantages by which rich men are made richer, and poor men poorer, ought to be sternly dealt with.

Short Convention.

CHICAGO, October 16.

The scale convention for the fourth district of the Amalgamated Association of Iron Workers, to fix the wages for 1884 and 1885, is in secret session here, but thus far has made no headway, owing to the failure of delegates from various important points to put in appearance.

Major Newell, Indian agent at the Spotted Tail reservation, is in this city, accompanied by three chiefs, en route to Washington to argue against the throwing of the reservation open to white settlers.

As It Should Be.

NEW YORK, October 16.

John Irving and John Walsh, widely known bruisers, shot and killed each other in Shang Draper's saloon early this morning. They had a bitter quarrel, and it is said that six weeks ago, they drew pistols on each other but were separated. The shots were fired simultaneously, and both men died instantly, one being shot through the heart and the other through the brain.

Troublesome Cow-Boys.

GLENDIVE, M. T., October 16.

Yesterday, Sheriff Taylor, while endeavoring to quiet three drunken cowboys, was set upon and beaten. In the melee, Clayton Wilcomb, an Englishman, about to locate here, was killed. A freight conductor was shot in the ankle. One of the cow-boys was captured and lodged in jail, but the other two escaped.

Bull Run Battlefield.

WASHINGTON, October 16.

A number of the survivors of the first and second battles of Bull Run to-day visited the old battle-field with the object of refreshing their recollections in regard to the positions of the different commanders during the engagement, and aid Major Stein in collection of data, upon which to found a

FOREIGN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

More Yellow Fever.

GUAYMAS, Mex., October 16.

Two of the passengers who came from the south on the last trip of the steamer Sonora, and who went into the interior, have returned here and both have been taken down with the fever. One of them is a very serious case. Rumors are current of the prevalence of the fever in La Paz, and on the coast of Lower California, but as no vessel has come from there in the last twenty days, nothing reliable can be ascertained.

Water Supply.

MONTERREY, October 16.

The arrival of the Carmal river water, conducted through the pipes of the Pacific Improvement Company, at an expense of over \$600,000, was celebrated by the citizens of this place last night.

TELEGRAPHIC BREVITIES.

—Bon. Butterworth has been made Commissioner of Patents.

—It is reported that the King of Anam is preparing a deputation to Paris with presents for President Grevy and the French Cabinet.

—The failure of the great firm of Zembrons & Co., of Monterey, has caused a panic in Mexico similar to that caused by Jay Cooke's in this country.

A Murderer's Confession.

LAFAYETTE, Ind., October 16.

Willing's full confession, that under the impulse of a murderous mania, he had gone to the house and murdered Ada Atkinson, was read to an excited multitude at Oxford this morning. Great crowds on horseback, in wagons and buggies, now throng the road to Fowler. The Sheriff, who is at Oxford, has taken the nearest road, but is little in advance. Lynching is probable.

A Brutal Murder.

LINCOLN, Ill., October 16.

The body of Sarah Burns, who had been employed as a domestic here, was found in a lane on the outskirts of this city yesterday. Her throat had been cut from ear to ear, and her forehead was crushed in. A reward of \$1,000 is offered by the village for the arrest of her murderer, but no clue, as yet, has been discovered.

WESTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

A Brute Sentenced.

SAN FRANCISCO, October 16.

Judge Tooley's Court-room was crowded this morning by an eager throng, almost tearing down the doors in their anxiety to witness the sentencing of Kyle, the rape fiend. The Judge took his seat promptly at 10 o'clock, and ordered Kyle to stand up and say why sentence should not be passed upon him. J. D. Whaley, the prisoner's counsel, moved for a new trial; the motion was denied, and the counsel then moved for an arrest of judgment. Judge Tooley denied the motion and exceptions were taken to both rulings. In passing sentence, Judge Tooley said: "Though you refused mercy to your prostrate victim, on the evening of August ninth, the law will not now deal so harshly with you; it seeks not your punishment so much as to deter others from imitating your depraved example. Instead of a life sentence, and in order that you may be encouraged to reform your conduct, it is the judgment of law, and the sentence of this Court, that you be imprisoned in the State Prison at Folsom for and during the period of fifty years." A stay of 30 days in the execution of the sentence was granted.

Stage Robbery.

TRUCKEE, Cal., October 16.

G. O. Buxton, the driver of the stage line between Truckee and Sierra Valley, with four passengers, arrived here at a late hour last night, and says that when the stage was approaching Coal Station, a masked man jumped up from the road side and presented a revolver, and ordered the four passengers to hold up their hands. The driver was then commanded to throw out Wells Fargo & Co.'s treasure box and to descend and break it open. The passenger's valuables were disposed of, although no personal search was made. Two of the passengers are said to have had \$3,000 concealed about their persons, but it was not discovered by the road agent. The entire booty obtained is supposed to amount to only about \$300. This is the second time within the year that this stage has been robbed, and on both occasions at the same place, and it is supposed, by the same robber. The officers are on the lookout, but so far without discovering the robber.

—Haverly has leased the Lyceum theater in Philadelphia, and will open with John McCullough on the 27th.

The Western Union Telegraph Company officials say no new developments in the pool sellers' swindle. The investigation is proceeding, but the guilty parties are not yet discovered.

—The Second Biennial Conference of the Church Workers among the deaf-mutes was opened in Philadelphia yesterday, all the proceedings having been conducted in the sign language.

MISCELLANEOUS.

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public.

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, SCROFULA AYER'S SARSAPARILLA will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the CATARRH true remedy. It has cured numerous cases. It will cure the most stubborn catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.

ULCEROUS Sores. At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore.

SORE EYES. Physicians told us that a powerful cathartic medicine must be employed. They used in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, I adhered to, and a complete and permanent cure. I have since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended more prompt or effectual results.

Yours truly, B. F. JOHNSON.

MISCELLANEOUS.

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public.

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, SCROFULA AYER'S SARSAPARILLA will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the CATARRH true remedy. It has cured numerous cases. It will cure the most stubborn catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.

ULCEROUS Sores. At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore.

SORE EYES. Physicians told us that a powerful cathartic medicine must be employed. They used in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, I adhered to, and a complete and permanent cure. I have since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended more prompt or effectual results.

Yours truly, B. F. JOHNSON.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

I HAVE returned from the North and am prepared to do all kinds of dental work. Office at residence, opposite lumber yard, west side of town. oct16w

NOTICES

Ophir touched \$8.50 yesterday. Barnett's Fall stock will be opened next week.

All the latest styles in dress goods at I. Barnett's.

Eight cars of emigrants, aggregating about 400, passed west this morning.

Jewelry at cost at Nasby's, 27 Commercial Row. Thermometer at 7, 9, 11, 1, 3—35, 42, 46, 48, 50.

Barnett's is the place to go for bargains. This week goods will be sold lower than ever before.

Eleven bars of Northern Belle and Mt. Diablo bullion went below per Wells Fargo this morning.

I. Barnett is clearing his shelves for more goods. Call in and buy yourself rich. Bed-rock prices.

Buy your wife one of those nice cooking ranges at Knowles & Bainbridge's and keep peace in the family.

Five hundred boxes of Honey Lake apples arrived from Honey Lake valley yesterday, consigned to Virginia City.

The ladies all say those Winter skirts at F. Levy & Bro.'s are a little the most comfortable limb coverings ever seen in this latitude.

C. Chenoweth, grand lecturer of the I. O. G. T., is in town and will lecture on temperance here this evening in the Methodist Church.

Fountain of the Palace restaurant says the way he makes his hot cakes so light and full of holes, is by boring them with a small gimlet.

It seems to be pretty generally understood that very few dealers in groceries are competent to teach A. Lindley & Co. much about that business.

Strangers visiting the Palace Hotel do not fail to see that no effort is spared by every one connected with the house to make their stay comfortable and pleasant.

It is really a mystery how the Abrams Bros. manage to unpack and stow away a half dozen large boxes of men and boys' clothing, caps, hats and shoes every day.

You will find it necessary to visit San Francisco if you want to see a more complete assortment of dry goods than are now upon the shelves of S. M. Jamison's store, next to the White House.

Instead of paying out money on that old sewing machine, if you will go to Osburn & Shoemaker's and buy a new one, you will save money and your wife's muscle and temper at the same time.

PERSONALS

C. Chenoweth of Winnemucca is in town.

I. Barnett went to San Francisco on this morning's train.

Ex-Surveyor General A. J. Hatch is expected to arrive in Reno in a few days.

Capt. C. A. Marrell left for San Francisco to-day. He has bought P. N. Marker's interest in the Eagle Lake land and tunneling enterprise.

A SERIOUS ACCIDENT.

Frank Milburn Has His Arm Cut Nearly Off.

The Truckee Republican of the 13 inst. says: Frank Milburn may congratulate himself that he bears a charmed life. Milburn is well known among mill men, having many acquaintances among mill men in Bodie and having at one time served as deputy sheriff of Mono county. For some time past he has been engaged at Andy Miller's box factory, and this morning about 6 o'clock started at work. The saws had just started, when Milburn, engaged in the pursuit of his duty, slipped on the frosty floor and was thrown against the saws. His right arm was all that was caught, it so happening that he fell in the rear of the saws instead of the front, where he would have been ripped into pieces. As it was the entire right arm was nearly severed from the body and he will doubtless be crippled for the balance of his life. All the cords of his right arm are cut off, and it is of the nature of miracles that he was not instantly killed.

Productive Soil.

The Nevada Transcript of a recent date says: G. S. S. Getchell has this season cut and baled 11 tons of hay from one acre of made land that is nothing more nor less than a bed of mining slickens 20 feet deep. He manured it three years ago, but since then finds it rich enough in its natural state. Getchell says he wouldn't sell that land at \$500 an acre.

The Active Nihilists.

The sailing from New York for Europe of a desperate and well-known Nihilist, leads to a belief that there is something in the report of the Czar having been sentenced to death. It is said the iron nerves of Alexander have given away under the constant apprehension of assassination.

Still Improving.

Superintendent Crawford, of the Mint, and one of the crack shots of the Carson Guard team, yesterday made 49 out of 50 at the 200-yard range.

CONFERENCE CONFIDENCES

The Methodist Ministers Mingling Pleasure With Business.

The following letter is late, but good. Lack of space prevents the publishing of an interesting trip to Southern California:

TRUCKEE, October 12.

Editor Gazette: It is not often that a Bishop in the Methodist Church is treated to a dog show, but so it was at the meeting of the Nevada Conference the other week, at Truckee. An entertainment was given by the people of the town, and Bishop Warren and the members of the Conference invited. The most interesting part of the programme was the performance of a fine dog, the property of Mr. H. He could jump through hoops, one, two, or three at a time; pick up his hind leg with his mouth; and thus walk around the room; circle around until his tail was likewise "mouthed," and follow the lead of its master; place one of his forelegs on his neck, and thus limp around. A bucket of water was then brought in, and a 20-cent piece and a dime successively fished out. A great deal of fun was caused at the first trial by thirty dogs lapping up some of the water, calling forth the remark, "Cute, ain't he? Going to drink the water to get the coin." The bucket performance over, the dog seized the handle and carried the bucket away as carefully as could be. The performance closed by "prayer from the dog." Placing his fore feet on the chair, he bent his head in an attitude of devotion. And no command or threat could move him until his master had said "amen." In response to the queries of the Bishop, the owner of the dog showed that any of the tricks could be performed without having to begin at the first one, thus showing a certain amount of reasoning faculty in the animal.

Truckee, with its pine-clad hills with their mountain music, affords the visitor many pleasant scenes. The logging camps at Lake Tahoe are familiar to all, but all are not acquainted with the fact that Lake Donner is a most delightful bathing spot. I was threatened with chills and congestions and nobody knows what, if I dared to swim in that "ice-cold snow water," but I risked it, and plunging in from a boat after rowing to the center of the lake, I enjoyed as pleasant a swim as ever this country afforded, without the slightest degree of chill or congestion. Indeed, the water is far pleasanter to swim in than the sea at either Monterey or Santa Cruz, and I recommend to the summer visitor at Lake Donner, a swim in its clear, pure waters. Coming home from a saunter in the mountains, I was surprised by finding that the whoops and yells that I thought could only emanate from the wide mouths of strong-lunged cow-boys, that had rung for a mile away, echoing through the pines, proceeded from the vocal organs of three of the persons visiting the Conference. Two of them were "Henglishmen," and had inveigled the other one (an "Hamerican") into a game of childish years, called "duck on the rock." The knocking off from its pedestal of the duck of the one whose duty it was to catch the others, caused the fun, and each return home without being caught, was the signal for a hearty burst of laughter as I have heard for years. No mistake about it—these persons can laugh as well, and perhaps better, than anybody I ever met. Their fun, however, stiffened them out. I noticed one of them next day walking through the streets as if he were a depository of all the sciatica and rheumatism of the neighborhood.

GREENJAY.

QUICK WORK.

A Pan of Biscuits Baked in Four And a Half Minutes From the Starting of the Reaper.

A Missourian is not always slow. The Carrolltown, Mo., Democrat tells this: "On Thursday Jim Lawton invited 50 neighbors to see him beat his own time of two years ago, when his wife baked bread in 84 minutes after the wheat was standing in the field. At 6 minutes and 10 seconds after 4 the Buckeye reaper stood at the corner of the growing wheat. Men were stationed every few feet along the line of grain ready to seize an armful as it fell from the reaper and to rush with it to the threshing close by. The mill was just 3 rods distant. At the drop of the hat the mules sprang to work, and in a minute and a half a peck of wheat was in the sack and on a horse that began a race for the mill. A minute and 17 seconds later the flour was delivered to Mrs. Lawton, and in three minutes and two seconds from the starting of the reaper the first griddle cake was eaten. In four minutes and 30 seconds after the starting of the reaper a pan of biscuit was passed out to the spectators."

A Valuable Find.

Great coal discoveries have been made in a mountain on Goose Creek, Idaho. There is one vein in the mountain 14 feet thick—four feet of slag partings and 10 feet of Solid Coal. In all there are no less than distinct strata of coal visible in the side of the mountain, one of which shows 18 feet of solid coal without a parting of any kind. Experts say this is the largest known coal deposit on the Pacific Coast. In Chicago, to which a sample of the coal has been sent, it is pronounced "No 1 and for many purposes of a superior grade."

TEACHERS' INSTITUTE.

State Superintendent Young Appoints Time and Place.

The following from State Superintendent C. S. Young was received this morning with the request that it be published:

The annual State Teachers' Institute will hold the session of 1883, at Reno, Nevada, commencing December 27, and continuing four days. Prominent educators of Nevada and California will be present to discuss educational topics of interest to the teachers, patrons and other friends of our public school system.

Among live educators everywhere, and especially in conventions of teachers held in our sister States, the so-called "new education" and the improved methods of teaching, are just now receiving marked attention. This agitation is said to be doing much good; and whatever of good there may be in these discussions of how to train the mind to think and act, should be eagerly sought for by every educator who would grow in efficiency, and in popular favor. The people do not lightly appreciate any sacrifice, on the part of a public servant, made in the interest of themselves or their children. As among craftsmen in their work, so among teachers in their profession, there should be a oneness of aim and a systematic effort. In a country like ours, it is an opinion that through conventions of intelligent representatives, the good of the whole people is best promoted. The State provides for an annual institute, and the State Board of Education recommends that a session be held this year. Hence, it is earnestly hoped that, in the efforts to advance the cause of education, through institute work, the State will receive the hearty co-operation of all the County Superintendents of schools, school trustees, teachers, and the public generally.

C. S. YOUNG, Supt. Public Instruction.

COUNTY SUPERINTENDENT ALLEN CONCURS.

Believing the best interests of the teachers of the county and the public will be served by holding the county Teachers' Institute in connection with the State Teachers' Institute, and having made arrangements therefor, the institutes will be held jointly at the Union school house in Reno, commencing December 27, 1883, at 10 o'clock A. M.

D. ALLEN, County Superintendent of Public Schools, Washoe County.

Reno, October 16.

What's the use having dyspepsia? Why betch and say you've got heartburn, every time you eat? Be sensible, take Brown's Iron Bitters and get well.

Wyoming Tin.

The Deadwood Pioneer of a recent date says: B. Stratton of the Terra mill called at this office recently with a handsome little bar of tin run from three ounces of ore taken from the new Sand Creek District. Mr. Stratton is interested in six claims located on Nigger Hill and Sand Creek gulches, and being a practical miner with many years' experience, knows a good thing when he sees it. The assays recently made returned 90 per cent. tin, or from 40 to 45 per cent. greater than ore from the celebrated Cornwall mines. Not much work has been performed, but greater encouragement has been encountered.

The Closing Scene.

N. Sodaberg is taking testimony at Judge Webster's office to be used in the trial to test the validity of the Nevada & Oregon bonds issued by that company to its Nevada creditors. General Clarke is Sodaberg's attorney. They contest the issue, as it will take its share of whatever the road brings when it is sold, if the Court sustains it. Webster and Deal are the attorneys for the Nevada bondholders. Mr. Manning was examined this morning.

Miners Killed.

A cave occurred at tunnel number nine of the Sierra Buttes mine last Friday which resulted fatally to two miners at work for the company. The Sierra Valley Leader says: The men were John Bunt and a young man named Christopher Bunt has been a resident of Sierra City for some time, and leaves a wife and one child. The other leaves an aged mother whose son was her sole support. The event is a double sad one.

An Elko Foot Pad.

W. T. Crain, who lives on the south fork of the Humboldt, while on his way home from Elko last Saturday evening, was invited by a foot pad to put on his brake and hold up his hands, which abrupt demand had the effect to frighten Crain's team which started up the grade on a run, followed by three shots from the six-shooter of the would-be robber.

Fond of Fun.

A carload of hunters came from Battle Mountain to Brown's this morning with their own car and outfit. F. W. Dunn, J. A. Blossom and eight others were in the party.

On The Turf.

Col. J. D. Ferguson, Secretary of the Maryland Jockey Club: "Glowing tributes paid to the efficacy of St. Jacobs Oil by prominent turfmen."

PYRAMID.

What is Being Done, and the Prospects of Washoe's Future Bonanza.

It seems a little difficult to call the turn in Pyramid. The Burleighs struck a ledge of vein matter the latter part of last week, some 30 or 40 feet in width, but there seems to be quite a diversity of opinion as to whether this was the true fissure or not. The face of the tunnel is over 100 feet northeast of the bottom of the shaft. George Alt, a stockholder, and well acquainted with the mine, favors drifting southwest on the vein. He feels quite confident that a rich deposit of ore would soon be encountered. Gen. Clarke came in from the mine yesterday. He says a very recent survey shows that the tunnel must be pushed in 50 feet further before the lode will be reached. G. Derby and Alvaro Evans are still at the mine, but they are expected here to-night. The miners who did the last work on the 400 level say the west wall was perpendicular, and the east wall was inclined to pitch a little east. The formation on the surface of the ground is porphyry on the west and syenite on the east. It is quite unusual for a silver-bearing lode to pitch into syenite so, taking this view of it, it is more than likely that the vein has not yet been reached.

Connecticut Blue Laws.

Last Sunday about twenty people of the town of Foxen, Connecticut, were arrested under the un repealed Blue Laws of 1670, for picking up some hickory nuts that had fallen from trees standing by the roadside. Those who were unable to give a bond were committed until Monday afternoon, when the examination was to take place.

Social Dance.

The managers of the dance at Kimball Hall tomorrow night wish it understood, that it is to be a social affair, and not a dancing school. Admission 50 cents.

Jewish Leap Year.

This is a Jewish leap year, and is remarkable for containing 13 months and 393 days. The Virginia Enterprise says: The latest of the Jewish holidays this Fall is attributed to the peculiar and exceptional character of the year, for ordinarily the New Year celebration occurs prior to the middle of September, while this year, 5643 according to the ancient reckoning—the holiday did not occur until the 1st day of October, not less than 15 days subsequent to the date of its usual happening, and what is still more remarkable, 28 days later in the Jewish calendar than last year's occurrence of the same festival, for that year contained but 355 days.

Jay Eye See.

The black gelding of Wisconsin, who has been crowned king of the turf this year, was born in 1878 and is the youngest monarch the trotting kingdom ever had. He is the idol of the Case family, and bears the initials of his master's name. He is 15 hands 1 inch high. He is descended from Dictator and Midnight. Last year he lowered the four-year-old record and this year reduced Santa Claus' five-year-old record on 2:18 to 2:10. Hickok, the driver of St. Julien, calls him "the little black devil."

Prohibition in Iowa.

Des Moines dispatch of yesterday says: There is no doubt the Legislature will enact prohibition laws as a large proportion of the new members were elected on that issue. Thirty-five members of the old house are pledged to it, and it will be supported by the Greenbackers and one or two Democrats.

Stage Robbed.

The road agents seem to be making a convenience of the Sierra valley stage, two masked men having robbed it again yesterday afternoon about 4 o'clock, 12 miles from Sierra City. The amount taken from Wells-Fargo's box has not been made known.

Useful as well as Ornamental.

The big sticks put down in the hole in the middle of West street to warn drivers of danger are a good advertisement for a town like Reno. They have been there a week and seem likely to stay there until Spring.

FOR DESPESIA AND liver complaint

you have a printed guarantee on every bottle of Shiloh's Balm. It never fails to cure. Sold by Osburn & Shoemaker.

Satisfactory Results.

Last Saturday J. V. McCurdy shipped one bar of bullion valued at \$2,708.78 from the Paradise Valley mine.

REMOVAL! RUPTURE!

Removal! Removal!

I-X-L ELASTIC TRUSS COMPANY.

No. 646, Market St., San Francisco.

THIS TRUSS HAS CURED MORE cases in the short period of four years than all others combined during the last century. Endorsed as the best and most scientific by the Medical Faculty at large, and by

THOUSANDS USING THEM.

Received Highest Award

COLD MEDAL

At the State Agricultural Fair, 1882, for best and most scientific truss.

COMMITTEE REPORT.

We find that the I-X-L Elastic Truss is the most scientific in existence, and recommend the highest award (gold medal) that the Board can give. JURY: DR. W. A. HEATHSON, DR. A. B. NIXON, R. R. Hospital, DR. W. R. CHICK, DR. P. F. FENDER, DR. P. F. FENDER, DR. W. A. BIRDS, DR. TYRRELL.

Highest award (gold medal) at the Mechanics' Industrial Fair, held at San Francisco, 1882, for best and most scientific truss in existence.

COMMITTEE REPORT.

We find that the Pad of the I-X-L Elastic Truss is of hard wood, polished, is attached by a ball and socket, or universal joint, and has a spiral spring at the back of the ball to increase the elasticity, and is more suitable where a radical cure is aimed at. We believe the I-X-L Elastic Truss to be the most scientific and serviceable in the largest proportion of cases. JURY: R. BEVERLY COLE, M. D., HENRY GIBBONS, M. D.

Beware of all frauds advertising electric, galvanic or electric trusses, as they never have or never can cure rupture. CATALOGUES AND PRICE LIST on application. Also Particulars of Electro-Medical Belts, pronounced the best, for all diseases. Price \$6.

J. F. AITKEN

MISCELLANEOUS.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.
"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed nights after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL, a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me."
HORACE FAIRBROTHER,
Rockingham, Vt., July 15, 1882.

Croup—A Mother's Tribute.
"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
Mrs. Emma (Gibney),
150 West 12th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effective remedy for coughs and colds we have ever tried."
A. J. CRANE,
Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL."
JOSEPH WALDEN,
Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles."
E. BRADDOCK,
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

Sixth Day—Oct. 27th.

No. 13—**RUNNING**—Dash 2 1/2 miles, purse \$200; first horse \$150; second horse \$30; third horse \$20.

No. 14—**TROTTING**—Mile heats, three in five, free for all; purse \$250; first horse \$175, second horse \$50; third horse \$25.

REMARKS AND CONDITIONS.

In trotting races any horse distancing the field will receive only first money. No money paid to any race without a contest.

All entries to running and trotting races close the night preceding the day of races, with the Secretary, at eight o'clock sharp.

In all running and trotting races five or more to enter three or more to start. The above races are free for all horses owned in the State of Nevada, or in the counties of Sierra, Lassen, Plumas, Modoc or Mono, California; or Lake and Grant counties, Oregon.

National Trotting Association rules to govern trotting, and Pacific Coast Blood Horse Association rules to govern running, except otherwise specified.

All entries must be addressed to John F. Myers, Secretary, Reno, Nevada.

Ten per cent. entrance to all purses.

Special Features.
The Ladies' Grand Tournament will take place at the Fair Grounds at 12 o'clock Wednesday, October 24th. None but ladies of the highest respectability will be allowed to compete for prizes.

Ladies wishing to compete for prizes will please send their name to the Secretary.

Members of the Press.
The members of the press are invited to attend the races.
Admission to Track and Grand Stand fifty cents.
AL WHITE, President.
JOHN F. MYERS, Secretary.

**THIS GREAT
Strengthening Remedy and
Nerve Tonic**

In the legitimate result of over 20 years of practical experience, and GUARANTEED UNFAILING CERTAINTY.

It is a powerful and physical debility, weakness, nervousness, prostration, exhausted vitality, and loss of MANHOOD, in all its complications, and from whatever cause produced. It purifies and purifies the blood; strengthens the nerves, brain, muscles, digestion, reproductive organs and physical and mental faculties. It stops any untimely debilitating drain upon the system, preventing any involuntary losses, debilitates, dream, seminal losses, with the urine, etc., so destructive to mind and body. It is a sure stimulant for KIDNEY AND BLADDER COMPLAINTS. It contains no injurious ingredients. To those suffering from the evil effects of youthful indiscretions or excesses, a CURE IS GUARANTEED. Price, \$2.50 per bottle, or five bottles for \$10. Sent secure from observation to any address upon receipt of price, or C. O. D. To be had only of

Average No. patients for 30 days in September, 147.26

STATISTICAL.
At first of month, females, 35; males, 111; total, 146.
Committed during the month: females, 1; males, 2; total, 3.
Discharged: females, 2; males, 1; total, 3.
Remaining at the close of the month: females, 35; males, 112; total, 146.

Contagious diseases, malaria, liver complaint, are all prevented by using the gentle but powerful tonic, Brown's Iron Bitters.

GENERAL NOTES.
Judge Advocate General Swain is of the opinion that the Government will soon pardon Sergeant Mason, imprisoned at Albany for shooting at assassin Guiteau. This opinion prevails generally among army officers: an examination of the records reveal applications for Mason's release in the form of the largest general petitions ever presented, the signatures attached to the papers which are from every State and Territory, aggregating more than 900,000.

The October corn report of the Department of Agriculture shows that the final average yield will not differ much from 11.3 bushels per acre. The aggregate yield will exceed 400,000,000 bushels and may reach 420,000,000. The quality is not up to the average. The barley crop will average between one and two bushels per acre more than last year, approximating 50,000,000 bushels. California, New York, Minnesota, Wisconsin and Iowa contributed three-fourths of the whole product. The potato crop is in better condition than any year since 1875. The average is 93, while the October crop average for 1882 and 1878 were each 90. The prospect is favorable for a crop above the medium.

Bad temper often proceeds from those painful disorders to which women are subject. In female complaints, Dr. R. F. Pierce's "Favorite Prescription" is a certain cure. By all druggists.

AGENTS WANTED.
GATELEY'S UNIVERSAL EDUCATOR,
1160 Pages and 470 Illustrations. It has received the unqualified approval of the press of the country as a general educational work of exceptional merit. There is no book like it in the market today, and therefore has no competitors for public favor. It is without doubt, the most thoroughly satisfactory book for agents and customers that has been issued for years. The requisites for a good agent are ability to read, honesty, common sense and energy; highest rates of commission and exclusive territory; circulars and terms on application.

J. DEWING & CO.,
220 Bush St. N. F.

NOTICE!
OFFICE EX-OFFICIO TAX RECEIVER, WASHOE COUNTY, Nevada, Oct. 15, 1883.
NOTICE IS HEREBY GIVEN THAT the assessment roll for the year 1883 has been placed in my hands by the County Auditor, and that the State, County and special taxes are now due and payable, and that the laws in regard to their collection will be strictly enforced. Taxes will be received until the close of official business on the 31st Monday (Nov. 1) of November next, at the County Treasurer's office in the Court House, Reno, Nevada.

D. R. BOYD,
Ex-Officio Tax Receiver.

A SUPERIOR

STOCK RANCH For Sale!

THREE ARE

55,000 ACRES OF LAND!
About 15,000 Head of Cattle,
About 8,000 Head of Sheep,
About 325 Head of Hogs,
About 75 Head of Colts,
About 58 Head of Mules.

The Land is Fenced into Ten Large Fields. 1,800 Acres are needed to raise a family. 60 Acres in Hope.

30,000 Acres of Fine Grow in Oak Trees which furnish acorns sufficient to fatten a large number of Hogs annually.

Eight Good Dwellings for Vaqueros. Three Good Dwellings for Farmers and firm hands, large hop house costing \$6,000, for drying hops, over \$5,000 worth of farming tools, sufficient for the whole place, corrals, stables, outbuildings, etc.

LARGE CANALS AND IRRIGATING ditches running through the place. Kings' river forms the southern boundary of the place, which furnishes ample water for irrigation. The whole tract is well watered.

THE WATER RIGHTS SOLD With this place is worth alone all that is asked for the whole property.

WOOD CAN BE CUT The net profit of which will pay more than one half of the price asked for the whole ranch.

THE LAND WILL PRODUCE Fine grain, hops or fruits of all kinds and qualities.

THE QUALITY OF THE LAND Cannot be surpassed by any in the State. One of the great advantages this place has as

A STOCK RANCH Is the close proximity to market. BEEF can be got to market within 30 hours after notice. The cost

OF SHIPPING BEING A TRIFLE. Compared with the cost of shipping from Nevada, or driving from Southern Oregon, and the cattle lose but little flesh, being so short a time upon the cars. The place will easily keep

30,000 HEAD OF CATTLE AND 6,000 TO 10,000 HEAD OF HOGS Besides other stock sufficient to run the ranch. The place has

FRONTAGE OF 30 MILES Upon King river, and is from two to seven miles in width. It is one and one-half miles from Kingsburg, the Southern Pacific Railroad passing through the eastern and southern boundary line, and mostly in Fresno county.

THE ONLY REASON FOR SELLING is owing to death of one of the partners. Send for Circular giving full Particulars.
